Some members voiced their concern that they find it difficult to see On of the partners for appointments, although they also voiced praise for the young doctors. Christine explained that as our partners are now coming to an age when they could consider retirement, it is even more important to carry on our work as a teaching practice in order to maintain the level of patient care in our GPs surgeries.

The CCG Family Tree poster was circulated and discussed. PPG Members have been asked to feedback information about any organisations/help in the community which they feel would benefit patients in this manner (social prescribing)

**3. Any other business.**

It was put forward to the group that we are trying to recruit younger members into our forum. All members felt this was indeed a good thing And would welcome input from our younger patients. Grace will devise A letter/form inviting young people into the group and also put a poster In reception with regards to young patients, their rights and what they can expect from us as a practice.
